Welcome to Norton Grounds

Nestled in the beautiful North Cotswolds countryside, Norton Grounds is a family-run wedding venue centred around an 18th-century Cotswold stone farmhouse, surrounded by 120 acres of private farmland.

Approached along a picturesque tree-lined drive, our peaceful setting is just a few miles from Broadway and Chipping Campden. With charming on-site cottages and barns accommodating 20 guests, your family and friends can settle in and enjoy the celebrations together.

Your wedding day can be exactly as you imagine it. Say your vows on the lawn beneath the open sky or in one of our beautiful barns, before celebrating with drinks in the gardens. Continue your celebrations with a reception in the Threshing Barn and Cow Shed or a marquee overlooking the stunning Cotswold countryside.

At Norton Grounds, we pride ourselves on being completely flexible, helping you create a wedding that is truly personal to you, just the way you want it.

We host a limited number of weddings each year, giving every celebration the time, care and personal attention it deserves.

“The Best!”

We booked Norton Grounds for our wedding venue 18 months out.

It happened a week ago and it’s the most beautiful place ever. All our guests commented on how beautiful the grounds were.

Having a 3 day stay for a wedding is something special and not something you find all that often, but as soon as we saw Norton Grounds we knew it was the one.

Amazing accommodation. Beautiful views. Stunning gardens and barns.

Andy and Clare have done an amazing job with this place and should be super proud.

Thanks for giving us the best day of our lives.
